

### **Industrial Electrical Rubber Pole Seal Gasket**

Industrial Electrical Rubber Pole Seal Gasket is used to isolate from the outside world or somewhere, the working principle of the gasket is very simple, can be said to be there is no too much principle, that is, isolation, oil resistance, acid and alkali resistance, cold heat resistance, aging resistance and other properties, is widely used in automotive, electronics, chemical, antistatic, flame retardant, food and

other industries.

**Industrial Electrical Rubber Pole Seal Gasket** is used to isolate from the outside world or somewhere, the working principle of the gasket is very simple, can be said to be there is no too much principle, that is, isolation, oil resistance, acid and alkali resistance, cold heat resistance, aging resistance and other properties, is widely used in automotive, electronics, chemical, antistatic, flame retardant, food and other industries.

#### **Product Parameter of the Industrial Electrical Rubber Pole Seal Gasket:**

- ①Product name: **Industrial Electrical Rubber Pole Seal Gasket**
- ②Material: EPDM NBR Silicon or Can Custom
- ③Logo: Can Custom
- ④Size: Can Custom
- ⑤Can Custom: Black or custom
- ⑥Application: Automotive
- ⑦Certifications: IATF16949 ,ISO14001:2015,ROHS,CMC, etc
- ⑧Delivery: 30 -50days after sample confirmation
- ⑨Sample: 25-30 days
- ⑩Payment: 30% deposit, 70% payment before shipment
- ⑪Package: PE bags, Cartons,Pallet
- ⑫Payment Terms: T/T,L/C and so on.
- ⑬Shipment Way: Vessel,Air,Express etc.

## Product Feature AND Application of the **Industrial Electrical Rubber Pole Seal**

### **Gasket:**

**Electrical rubber pole seal gasket** It has outstanding high and low temperature resistance, keeping good elasticity in the temperature range of  $-70^{\circ}\text{C}$ -  $+260^{\circ}\text{C}$ , and has the advantages of ozone resistance, weather aging resistance, suitable for sealing gaskets in thermal machinery. Without any toxicity can be made of insulation, insulation products and medical rubber products. At the same time with waterproof, flame retardant, high temperature resistance, electricity, wear resistance, oil resistance and other excellent performance.

Below is our industrial electric power silicone rubber parts:
